IMPORTANT - For Classic IESOL only

Please ensure that you complete a full online sample assessment at the level you have registered for at least one day ahead of the examination session. This will help you get familiar with the online exam format, as well as address any potential technical issues before the exam session.

When accessing the Sample Paper, please provide your full name, so that there is a record of it on the GA system. This is to ensure that GA can support you if you experience technical issues and may be able to offer you an additional retake opportunity, providing you have followed all the guidance above.
